C. New Business (Cont'd):Pending Project Identification Procedures (Splits):

[] reported that PAG has some 16 requirements on the books which should be splits. They are split according to double letter sequence control. PAG now has 116 original requirements and 113 splits to these; PAG will compile a list for the Asst/Ops who will disseminate a memorandum outlining the procedures to be followed in utilizing "splits" for project identification.

STAT

[] stated that they are getting erroneous project numbers regarding different requests. [] stated that one reason for this is transposing the wrong project numbers, especially the year.

STAT
STATIPD Re-Programming:

[] discussed IPD's re-programming progress indicating that a system test would be conducted in October leading to full readiness in early December. He emphasized the need to have major OAK procedure changes firmed up early in order to insure the December date.

STAT

[] reported that with regard to the CINCPAC cable format program, no useful information had been received from DIA.

STAT

[] presented slides depicting the new reorganization of PAG.
